Releases Property Analysis on EurOmax Resources**

Euro Pacific Canada is a full service IIROC registered brokerage headquartered in Toronto, Ontario and specializing in foreign markets and securities. Their investment strategy follows advice laid out by Euro Pacific Capital's Chief Global Strategist, Peter Schiff, an internationally recognized economist and financial analyst, and an experienced and diverse team of managers, researchers and consultants.

A recent site visit included property tours of the KMC Project including an additional day to look at drill core from the project. Property visits to Breznik and Trun were also included in the site tour.

The site tour was directed by Dimitar Dimitrov, Senior Vice-President of Exploration and Dr. Roger Moss, PhD Geology and Technical Advisor. Both Mr. Dimitrov and Dr. Moss are geologists with over 45 years of combined experience.
