

## Euromax Announces Partial Repayment of Debt Owed to EBRD and Subscription by EBRD for Additional Shares

VANCOUVER, BC, January 14, 2025 - **Euromax Resources Ltd.** (TSXV: EOX) ("**Euromax**" or the "**Company**") is pleased to announce that it has entered into a debt settlement agreement dated January 14, 2025 (the "**DSA**") to settle a portion of the outstanding debt owing to the European Bank for Reconstruction and Development ("**EBRD**") under the convertible debenture issued by the Company to EBRD in principal amount of USD\$5 million, as amended (the "**Debenture**"). Pursuant to the DSA, Euromax will be paying off C\$355,484.65 representing a portion of the interest owed to EBRD under the Debenture (the "**Debt Repayment Amount**").

In connection with the Debt Repayment Amount, Euromax will be issuing to EBRD 23,698,977 common shares in the capital of the Company (the "**Common Shares**"), at a deemed offering price of C\$0.015 per Common Share (collectively, the "**Transaction**").

The board of directors of the Company (the "**Board**") has determined that it is in the best interests of the Company to settle the outstanding Debt Repayment Amount by entering into the Transaction in order to preserve the Company's cash for ongoing operations.

Closing of the Transaction is subject to customary closing conditions, including the final acceptance of the TSX Venture Exchange. The Company intends to close the Transaction as soon as practicable. The Common Shares to be issued pursuant to the Transaction will be subject to a hold period of four months and one day from the date of issuance.

The Transaction is not expected to materially affect control of the Company. As EBRD is a related party of Euromax, in completing the Transaction, the Company intends to rely on the exemptions from the formal valuation and minority approval requirements of Policy 5.9 of the TSXV and Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**") in respect of related party transactions contained in sections 5.5(b) and 5.7(1)(a) of MI 61-101, respectively.

Prior to completion of the Transaction, EBRD owned 35,661,446 common shares and was beneficially entitled to own and control an additional 114,738,989 common shares by converting all amounts owing to it under the Debenture as at 30 November, 2024 (assuming a conversion price of C\$0.15 per common share and an exchange rate of US\$1 = C\$1.40013) and an additional 12,292,899 common shares by exercising all of its warrants of the Company (each warrant exercisable for one common share), for an aggregate beneficial ownership of common shares of 162,693,334 representing an aggregate ownership interest of approximately 19.98% (on a post-conversion and post-exercise basis and excluding any exercise by any other securityholders of the Company of convertible or exchangeable securities owned by them).

Following completion of the Transaction, including the common shares of the Company that it currently owns, EBRD would be entitled to beneficially own and control 183,942,035 common shares for an aggregate ownership interest of 22.01% (on a post-conversion and post-exercise basis) of the issued and outstanding common shares, representing an increase in beneficial ownership of 2.03% (on a post-conversion and post-exercise basis and excluding any exercise by any other securityholders of the Company of convertible or exchangeable securities owned by them) of the issued and outstanding common shares of the Company.

The Transaction was agreed in furtherance to a private placement which closed on November 13, 2024 (the "**Previous Placement**"), in order to maintain EBRD's ownership interest (on a fully diluted basis) at or about the same level as prevailed prior to completion of that Previous Placement, and in accordance with the call right available to EBRD under the Debenture. Depending on market conditions and other factors, EBRD may from time to time acquire and/or dispose of securities of the Company or continue to hold its current position.
