**EUROMAX RESOURCES LTD.**  
**MANAGEMENT INFORMATION CIRCULAR**  
**April 15, 2026**

**Time, Date and Place**

This Circular and the accompanying form of proxy are being sent in advance of the annual general meeting of holders of common shares (the “**Common Shares**”) of Euromax Resources Ltd. (“**Euromax**” or the “**Corporation**”), to be held in person on May 22, 2026 at 10:00 a.m. (Eastern Daylight Time) at the offices of Norton Rose Fulbright Canada LLP located at 222 Bay Street, Suite 3000, Toronto, Ontario, M5K 1E7 (the “**Meeting**”) for the purposes set forth in the accompanying notice of annual general meeting of shareholders (the “**Notice**”). Information in this Circular is given as of April 15, 2026, unless otherwise indicated.

**Record Date**

The record date for determining registered holders of Common Shares of the Corporation (“**Shareholders**”) entitled to receive notice of the Meeting and for determining Shareholders entitled to vote at the Meeting has been fixed at 5:00 p.m. (Greenwich Mean Time) on April 15, 2026. Any Shareholder of record at 5:00 p.m. (Greenwich Mean Time) on April 15, 2026 who either personally attends the Meeting or who has completed and delivered a form of proxy in the manner and subject to the provisions described below shall be entitled to vote or have his or her Common Shares voted at the Meeting.

**Currency**

This Circular contains references to United States dollars and Canadian dollars. All dollar amounts referenced, unless otherwise indicated, are Canadian dollars (“\$”) and United States dollars (“US\$”). Unless otherwise stated, all amounts referred to in this Circular that were paid or incurred in either British pounds sterling, United States dollars or Macedonian denars have been converted into Canadian dollars using rate information sourced from [www.oanda.com](http://www.oanda.com).

**GENERAL PROXY INFORMATION**

**Solicitation of Proxies**

This Circular is furnished in connection with the solicitation of proxies by the management of the Corporation for use at the Meeting (and any adjournment or postponement thereof) for the purposes set forth in the Notice.

It is expected that the solicitation of proxies will be primarily by mail, but proxies may also be solicited personally, by advertisement or by telephone, by directors, officers, employees or agents of the Corporation without special compensation. The costs associated with the solicitation of proxies by management will be borne by the Corporation.

**Appointment and Deposit of Proxies**

The individuals named as appointed proxyholders in the accompanying form of proxy are P. Gage Jull, Non-Executive Chairman of the Corporation, and, failing him, Tim Morgan-Wynne, Chief Executive Officer (“**CEO**”) and executive director of the Corporation.

**A Shareholder has the right to appoint a person, or company (who need not be a Shareholder) to represent the Shareholder at the Meeting other than the persons designated in the form of proxy, and may exercise such right by inserting the name of the desired person in the blank space provided in the form of proxy or by completing another form of proxy.**

To be valid, a proxy must be in writing and executed by the Shareholder or their attorney authorized in writing, or if the Shareholder is a corporation, an authorized director, officer or attorney. Completed proxies must be delivered to the Corporation c/o Computershare Investor Services Inc., Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1 (or using telephone or internet 24/7 based on the proxy or voting instruction form) by 9:00 a.m. (Central European Time) on May 20, 2026 or, in the case of a Meeting adjournment or postponement, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the adjourned or postponed Meeting, unless the chairman of the Meeting elects to exercise his discretion, which may be without notice, to accept proxies received subsequently.

### Exercise of Discretion by Proxies

The Common Shares represented by a properly executed proxy will be voted for or against or will be withheld from voting on each matter referred to in the Notice, in accordance with the instructions of the Shareholder, on any ballot that may be called for. If the Shareholder specifies a choice with respect to any matter, the Common Shares will be voted accordingly. **If a Shareholder does not specify a choice, the Common Shares represented by a proxy given to management proxyholders will be voted in favour of all matters specified in the Notice.**

The form of proxy accompanying this Circular also confers discretionary authority upon the proxyholder named therein with respect to any amendments or variations to the matters identified in the Notice and any other matters which may properly come before the Meeting or any postponement or adjournment thereof, in each instance, to the extent permitted by law, whether or not the amendment or variation or other matter that comes before the Meeting is contested. In the event that amendments or variations to matters identified in the Notice are properly brought before the Meeting, it is the intention of the persons designated in the accompanying form of proxy to vote in accordance with their best judgment on such matter or business. At the time of printing of this Circular, management of the Corporation is not aware of any such amendment, variation or other matter which may be presented at the Meeting.

### Revocation of Proxies

A proxy may be revoked: (a) by completing a proxy bearing a later date and returning it to Computershare Investor Services Inc. at the address indicated above by 10:00 a.m. (Eastern Daylight Time) on May 20, 2026 or, in the case of a Meeting adjournment or postponement, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the adjourned or postponed Meeting; or (b) by depositing a written instrument executed by the Shareholder, by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, by an authorized director, officer or attorney of the corporation: (i) to the Corporation's registered office at 700 West Georgia St, Suite 2200, Vancouver, British Columbia, Canada V7Y 1K8 at any time up to 5:00 p.m. (Pacific Standard Time) on the last business day preceding the date of the Meeting or any adjournment or postponement thereof; or (ii) with the chairman of the Meeting on the date of the Meeting or any adjournment or postponement thereof before the taking of any vote in respect of which the proxy is to be used; or (c) in any other manner permitted by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

### Information for Non-Registered (Beneficial) Owners of Common Shares

The Common Shares owned by many Shareholders are not registered on the records of the Corporation in their own names. Rather, such Common Shares are registered in the name of a securities dealer, bank or other intermediary, or in the name of a clearing agency (referred to in this Circular as "**Intermediaries**"). Shareholders who do not hold their Common Shares in their own names (referred to in this Circular as "**non-registered owners**") should note that only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. A non-registered owner cannot be recognized at the Meeting for the purposes of voting his or her Common Shares unless such holder is appointed by the applicable Intermediary as a proxyholder.

Non-registered owners who have not objected to their Intermediary disclosing certain ownership information about themselves to the Corporation are referred to as non-objecting beneficial owners ("**NOBOs**"). Those non-registered owners who have objected to their Intermediary disclosing ownership information about themselves to the Corporation are referred to as objecting beneficial owners ("**OBOs**").

The Corporation will pay for an Intermediary to deliver the Meeting materials to OBOs, including a VIF (as defined below). The Corporation will not rely on the notice and access delivery procedures outlined in National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* to distribute copies of proxy-related materials in connection with the Meeting.

Meeting materials sent to NOBOs will be accompanied by a voting instruction form ("**VIF**"). This form is provided instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a non-registered owner is able to instruct the registered shareholder how to vote on behalf of the non-registered owner. VIFs, whether provided by the Corporation or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit non-registered owners to direct the voting of the Common Shares which they beneficially own. If a non-registered owner who receives a VIF wishes to attend the Meeting, then the non-registered owner should appoint him or herself as proxyholder by writing his or her name in the space provided on the VIF and return it in accordance with the instructions noted on it. Do not complete the voting section of the VIF as your vote will be taken at the Meeting.

**IF YOU ARE A NON-REGISTERED OWNER AND WISH TO VOTE IN PERSON AT THE MEETING, PLEASE REFER TO THE INSTRUCTIONS SET OUT ON THE “VOTING INSTRUCTION FORM” (VIF) THAT ACCOMPANIES THIS CIRCULAR.**

**Voting Securities and Principal Holders of Voting Securities**

As of April 15, 2026, there were 937,317,523 fully paid and non-assessable Common Shares of the Corporation issued and outstanding, each carrying the right to one (1) vote. The Corporation has no other classes of voting securities.

To the knowledge of the directors and executive officers of the Corporation, as at the date hereof, no person or company beneficially owns, or controls or directs, directly or indirectly, more than 10% of the outstanding Common Shares of the Corporation except as follows:

| Name   | Number of Common Shares | Percentage of Common Shares Outstanding |
|--|-------------------------|---|
| Galena Resource Equities Limited (“Galena”) <sup>1</sup> | 508,954,004             | 54.30%                                  |
| VVV Commodities and Resources Ltd (“VVV”) <sup>2</sup>   | 135,795,080             | 14.49%                                  |

Notes:

1. An entity controlled by Galena Asset Management S.A., which is an affiliate of the Trafigura Group Pte Ltd.
2. VVV is an entity wholly owned by Mr. Ivan Vutov.

**BUSINESS OF THE MEETING**

**Financial Statements**

The audited consolidated financial statements of the Corporation for the year ended December 31, 2025 and the report of the auditors thereon will be presented at the Meeting.

**Fixing the Number of Directors and Election of Directors**

Pursuant to the Corporation’s articles (the “Articles”), the number of directors may be fixed or changed by ordinary resolution, subject to a limited right of the board of directors of the Corporation (the “Board”) to increase the number of directors between shareholder meetings. At the Meeting, shareholder approval will be sought by way of an ordinary resolution to fix the number of directors of the Corporation at seven (7). **The management proxyholders named in the accompanying form of proxy intend to vote FOR fixing the number of directors at seven (7).**

The term of office of each of the present directors expires at the Meeting. **Each of the persons whose name appears below will be presented at the Meeting as management’s nominees for election as a director of the Corporation and the management proxyholders named in the accompanying form of proxy intend to vote FOR the election of these nominees.** Management does not expect that any of these nominees will be unable to act. The directors of the Corporation are elected to serve until the next annual general meeting of the Shareholders of the Corporation or until their successors are appointed unless they cease to hold office sooner.

The following table sets out the names and positions of the proposed nominees for election as directors, the province and country in which each is resident, their principal occupations, the period of time for which each has served as a director of the Corporation, and the number of Common Shares of the Corporation beneficially owned, or controlled or directed, directly or indirectly, by each as of the date of the Circular. 1. Member of the Audit Committee.
2. Member of the Compensation Committee.
3. Member of the Technical Committee
4. Galena Nominee

Stanislav Delchev and Ivan Vutov will not stand for re-election at the Meeting.

The Corporation's Audit Committee is currently comprised of: Stanislav Delchev (Chair), Martyn Konig and James Burke. However, Stanislav Delchev is not standing for re-election and if the remaining members of the committee are re-elected, it is expected that they will continue to serve on the Audit Committee.

The Corporation's Compensation Committee is currently comprised of: Martyn Konig (Chair), James Burke and Patrick Forward, and if they are re-elected, it is expected that they will continue to serve on the Compensation Committee.

The Corporation's Technical Committee is currently comprised of: Greg Morris (Chair) Tim Morgan-Wynne and Patrick Forward, and if they are re-elected, it is expected that they will continue to serve on the Technical Committee. Once the development of the Ilovica-Shtuka copper project (the "**Ilovica-Shtuka Project**") is reinitiated, one (1) additional member will be appointed, which should be a nominee proposed by Galena.

During December 2025, an ad-hoc Special Committee was formed in connection with the non-brokered private placement announced in December 2025 and closed in January 2026, comprised of: Patrick Forward (Chair), Martyn Konig and Nicolas Treand.

### Majority Voting Policy

In a movement aimed at providing the fairest and most unbiased election of directors to the Board, the Corporation has adopted a majority voting policy that applies to nominees for election to the Board in uncontested elections. Future nominees for election to the Board will be required to confirm that they will abide by this policy. Applicable laws require that forms of proxy for the election of directors permit a shareholder to vote in favour of, or to withhold from voting, separately for each director nominee. In uncontested elections of directors at duly called meetings of Shareholders, any director nominee who receives a greater number of "Withhold" votes than "For" votes will be considered by the Board not to have received the support of Shareholders, even though duly elected as a matter of corporate law. Such a nominee will be expected to immediately tender his or her resignation to the chairman of the Board. The chairman of the Board will immediately refer the resignation to the directors who did not receive a majority Withhold vote, who shall review the resignations and recommend a course of action to the full Board.

### Nomination Rights

On December 9, 2014, the Corporation entered into an investor rights agreement with European Bank for Reconstruction and Development ("**EBRD**") (as amended on May 20, 2016), pursuant to which EBRD is entitled to designate one (1) nominee to be included among the Corporation's nominees for election to the Board at each meeting of Shareholders of the Corporation at which directors of the Corporation are to be elected. This nomination right shall terminate when EBRD is no longer the beneficial owner of Common Shares representing 5% or more of the Corporation's issued and outstanding Common Shares, on a non-diluted basis. As long as it owns 5% or more of the issued and outstanding Common Shares, EBRD shall be entitled to appoint an individual to serve as its delegate on the Technical Committee. As at the date of the Circular, EBRD held 9.06% of the issued and outstanding Common Shares, but EBRD did not use its nomination right and has not appointed a director for election at the Meeting nor an individual to serve as its delegate on the Technical Committee.

On April 29, 2016, the Corporation entered into a convertible debenture subscription and investor rights agreement with CC Mining S.A. ("**CCM**"), as novated and amended, among others, by a deed of novation and amendment dated May 19, 2016 and a letter agreement dated March 22, 2019 under which the rights and obligations of CCM are novated to CC Ilovitza Limited ("**CCL**") (collectively, the "**CDSIRA**"). Pursuant to the terms of the CDSIRA, upon subscription of the convertible loan and for so long as CCL beneficially owns more than 5% of the outstanding Common Shares of the Corporation:

- CCI shall be entitled to nominate a director to the Board (subject to such nominee satisfying the qualification requirements under the Toronto Stock Exchange Venture ("**TSXV**") and the Corporation's governing statute and Articles and being approved by the Board and Shareholders of the Corporation); and
- CCI shall also be entitled to appoint a member to the Corporation's Technical Committee to assist in the front-end-engineering design process and the development of the Ilovica-Shtuka Project.

As at the date of the Circular, CCI did not hold any Common Shares, and therefore has not nominated a director for election at the Meeting.

On April 12, 2018, the Corporation closed a non-brokered private placement financing (the "**2018 Private Placement**") to Galena. In connection with closing of the 2018 Private Placement, the Corporation and Galena entered into an ancillary rights agreement dated April 10, 2018, which provided Galena with the right to nominate two (2) members of the Board until such time as it no longer holds greater than 10% of the Corporation's issued and outstanding Common Shares (the "**Ancillary Rights Agreement**"). On May 13, 2019, the Corporation closed a non-brokered private placement financing (the "**2019 Private Placement**") to Galena followed by an amendment of the Ancillary Rights Agreement (the "**Amended Ancillary Rights Agreement**") to provide Galena with the right to nominate two (2) additional directors to the Board (for four (4) directors in total) until such time as Galena (collectively with its affiliates) no longer holds greater than 20% of the Corporation's issued and outstanding Common Shares (calculated on a fully diluted basis). If Galena (collectively with its affiliates) holds between 10% and 20% of the Corporation's issued and outstanding Common Shares (calculated on a fully diluted basis), Galena can only nominate two (2) directors to the Board. The Amended Ancillary Rights Agreement provides that the Board shall consist of up to eight (8) directors should Galena hold greater than 10% and less than 55% of the Corporation's issued and outstanding Common Shares (calculated on a fully diluted basis). In the event that Galena (collectively with its affiliates) holds greater than 55% of the Corporation's issued and outstanding Common Shares (calculated on a fully diluted basis), Galena will have the right to nominate an additional director to the Board (for five (5) directors in total), increasing the total number of Board members to nine (9). In accordance with such nomination right, James Burke, Maciej Sciazko have been included in the management slate of director nominees for election at the Meeting as the designated nominees of Galena, and retains the right to nominate two (2) additional

directors. As long as it holds greater than 10% of the Corporation's issued and outstanding Common Shares, Galena will have the right to nominate two members of the Corporation's Technical Committee. At present, only Greg Morris is serving as Galena's representative at the Technical Committee.

#### **Cease Trade Orders, Bankruptcies, Penalties and Sanctions**

To the Corporation's knowledge, no proposed director of the Corporation is, as at the date of the Circular, or has been, within ten (10) years prior to the date of this Circular, a director, chief executive officer or chief financial officer of any company (including the Corporation) that:

- I. was the subject of an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or
- II. was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer, chief financial officer of the company being the subject of such order and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer of that company.

For the purposes of the above, "order" means a cease trade order, an order similar to a cease trade order, or an order that denied the relevant company access to any exemption under securities regulation, in each case, that was in effect for a period of more than thirty (30) days.

To the Corporation's knowledge, no proposed director of the Corporation is, as at the date of the Circular, or has been within ten (10) years before the date of the Circular, a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Other than as disclosed below, to the Corporation's knowledge, no proposed director of the Corporation has, within the ten (10) years before the date of the Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Mr. Konig has served in various officer and director roles at Nyrstar NV since April 2015 and currently serves as Chairman. During his tenure in that capacity, Nyrstar NV completed a complex restructuring through a scheme of arrangement sanctioned by the UK courts, which resulted in a successful recapitalisation of the Nyrstar Group and avoided insolvency. The restructuring was completed on July 31, 2019 and is now fully effective.

No proposed director of the Corporation has been subject to:

- i. any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or
- ii. any penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for that proposed director.

#### **Appointment of Auditors**

Management recommends that Shareholders re-appoint BDO Canada LLP as auditors of the Corporation, to hold office until the next annual general meeting of Shareholders, and to authorize the directors to fix their remuneration. BDO Canada LLP has been appointed as the Corporation's auditor since 2024. The management proxyholders named in the accompanying form of proxy intend to vote in favour of the re-appointment of BDO Canada LLP and authorizing the directors to fix their remuneration.

**Absent contrary instructions, proxies given pursuant to this solicitation by the management of the Corporation will be voted FOR the appointment of BDO Canada LLP as the auditors of the Corporation to hold office until the next annual general meeting of Shareholders or until a successor is appointed and the authorization of the directors to fix the remuneration of the auditor.**

#### **Approval of Stock Option Plan**

The Corporation grants stock options under its stock option plan, as amended, effective June 24, 2025 (the "Option Plan"), to provide an incentive to eligible directors, officers and employees of, and consultants to, the Corporation and its subsidiaries.

The Option Plan provides that the maximum aggregate number of Common Shares that may be issuable pursuant to options granted under the Option Plan, which options are outstanding but unexercised and whether or not they are vested, is (i) if the Corporation is subject to the requirements of the TSXV, a number equal to 10% of the number of issued and outstanding Common Shares on a non-diluted basis at that time; and (ii) if the Corporation is subject to the requirements of the Toronto Stock Exchange (“**TSX**”), a number equal to 15% of the number of issued and outstanding Common Shares on a non-diluted basis at the time immediately prior to the option issuance in question. As a result, should the Corporation issue additional Common Shares in the future, the number of Common Shares issuable under the Option Plan will increase accordingly. The Option Plan is considered an “evergreen” plan, since the Common Shares covered by stock options which have been exercised shall be available for subsequent grants under the Option Plan and the number of stock options available to grant increases as the number of issued and outstanding Common Shares of the Corporation increases.

Because the Option Plan is considered a “rolling up to 10%” plan, the rules of the TSXV require that the Option Plan be approved by shareholders yearly. The Option Plan was last approved by Shareholders at the annual meeting of Shareholders held on June 24, 2025.

A summary of the Option Plan is set out below in section “Statement of Executive Compensation”. This summary is qualified in its entirety by the full text of the Option Plan which is appended as Schedule “A” to the Circular.

As at April 15, 2026 up to 93,731,752 Common Shares are issuable and 250,000 stock options are outstanding under the Option Plan. Accordingly, an aggregate of 93,481,752 options are unallocated under the stock option plan.

At the Meeting, Shareholders will be asked to consider and, if thought fit, pass an ordinary resolution (the “**Stock Option Resolution**”) substantially in the following form:

“**WHEREAS** the policies of the TSXV require annual shareholder approval for the continuation of the rolling Option Plan of the Corporation;

**RESOLVED THAT:**

- (1) the Option Plan, approved by Shareholders at the annual meeting of Shareholders held on June 24, 2025, in the form attached hereto as Schedule “A”, is hereby authorized and approved;
- (2) any director or officer is hereby authorized to amend the Option Plan should such amendments be required by applicable regulatory authorities including, but not limited to, the TSXV; and
- (3) any one officer and director of the Corporation is hereby authorized for and on behalf of the Corporation to execute and deliver all such instruments and documents and to do all such acts and things as may be necessary to effect to this resolution, the execution of any such document or the doing of any such other act or thing being conclusive evidence of such determination.”

If the Stock Option Resolution is not so passed, then we will be prohibited from making any further option grants under our stock option plan until such time as the requisite shareholder approval is obtained. Options outstanding immediately prior to the Meeting will not be affected by the results of the vote on the Stock Option Resolution.

**Management of the Corporation and the Board of Directors believe that approval of the Option Plan is in the best interest of the Corporation and our Shareholders and, accordingly, unanimously recommends that Shareholders vote in favour of the Stock Option Resolution. Unless otherwise instructed, the persons named in the form of proxy enclosed with this Circular intend to vote FOR the Stock Option Resolution.**

## STATEMENT OF EXECUTIVE COMPENSATION

### Introduction

In the following pages we describe the Corporation's policies and practices in respect to the compensation of senior executives, the role and structure of the Compensation Committee in this process, and the detailed disclosure of the remuneration of the Named Executive Officers (each a "NEO"). For the purposes of Form 51-102F6 – *Statement of Executive Compensation* of National Instrument 51-102 – *Continuous Disclosure Obligations*, the Corporation's NEOs during the financial year ended December 31, 2025 were:

- Tim Morgan-Wynne, Executive Chairman and CEO; and
- Nikola Gulev, Chief Financial Officer.

All dollar amounts in this "Statement of Executive Compensation" section are expressed in Canadian dollars.

### Compensation Discussion and Analysis

The Corporation's Compensation Committee is the committee of the Board that has the primary function of making recommendations to the Board on the compensation, recruitment, retention, termination and incentive policies and procedures for the NEOs of the Corporation and also administering the Corporation's equity-based compensation plans.

The Corporation's compensation philosophy is to attract, retain and motivate NEOs of the quality required to manage the Corporation having regard to views of Shareholders to ensure that the Corporation has in place programs to attract and develop management of the highest calibre. Additionally, the Corporation ensures that the compensation it pays is competitive and affordable as an element of the Corporation's overall cost of doing business, and that it appropriately rewards performance and acts as an incentive to achieve long-term success.

Another important principle of the Corporation's compensation philosophy is to align NEO compensation with shareholder interests, which specifically is to maximise long term shareholder value. In March 2013 the Board approved an executive compensation policy (the "**Executive Compensation Policy**") which aimed to provide structure to the Corporation's compensation and incentive plans. As a result, the restricted share unit plan (the "**RSU Plan**") was adopted following approval by Shareholders at the Corporation's annual meeting of Shareholders in 2013, as amended at the Corporation's annual meeting of Shareholders in 2023, in addition to the Corporation's existing Option Plan.

In addition, a deferred phantom unit plan (the "**DPU Plan**") was adopted by the Board for the primary purpose of offering an alternative means of compensation to the non-executive directors and to the extent deemed appropriate by the Board, the NEOs.

### *Compensation Governance and Executive Compensation Policy*

The Corporation's Compensation Committee makes recommendations to the Board with respect to annual salary, bonus, equity-based awards and other benefits of its executive management in line with the principles set out in the Corporation's Executive Compensation Policy. In determining compensation each Compensation Committee member's personal experience and knowledge of compensation practices in comparable companies is applied in the context of the Corporation's available cash resources.

Please refer to the description of the Compensation Committee members under "Statement of Corporate Governance Practices – Compensation Committee" in this Circular as it relates to their experiences and qualifications applicable to serving on the Compensation Committee.

The Executive Compensation Policy was designed to reflect the Corporation's new focus on project development with a view to motivating and retaining suitably skilled and experienced senior management to create value for Shareholders. The Executive Compensation Policy is intended to be commensurate with compensation policies of comparable companies whilst endeavouring to adhere to remuneration policy guidelines recommended by best corporate governance practice in Canada and the United Kingdom.

The Executive Compensation Policy includes three (3) basic elements:

- a) Base salary
- b) Short-term incentive
- c) Long-term incentive

#### *Base salary*

Each NEO's base salary was intended to remunerate the NEO for discharging his or her responsibilities. The amount of the base salary or fee was determined primarily by evaluating the responsibility of the individual and the experience and knowledge of the individual, having regard to the Corporation's understanding of compensation received by executives in similar positions at companies similar to the Corporation. The Corporation's available cash was also taken into consideration when determining the amount of the base salary.

Mr. Morgan-Wynne is located in London, United Kingdom and therefore his salary has been set in consideration of current salary trends in London.

Mr. Gulev is located in the Republic of North Macedonia, and therefore his salary has been adopted in consideration of the current salary trends in the country.

#### *Short-Term Incentive*

The annual bonus is a short-term incentive designed to reward NEOs for performance during the previous calendar year measured against criteria agreed at or prior to the beginning of that year. The Compensation Committee has discretion to assess performance generally and not solely against previously agreed criteria, particularly if unforeseen events occur during the year. The Compensation Committee has absolute discretion to award annual bonuses entirely in cash or in any proportions of cash and/ or restricted share units ("RSUs") or deferred phantom units ("DPUs").

No annual bonuses were granted for NEOs for the year ended December 31, 2025.

#### *Long-Term Incentive*

The Corporation's long term incentive strategy is comprised of the long-term incentive plan ("LTIP") and the DPU Plan.

#### **LTIP**

The Executive Compensation Policy established the LTIP pursuant to which executives are awarded stock options and performance related RSUs which vest over three (3) years. The LTIP aims to achieve the following objectives:

- Align the interests of senior management with the medium to long-term interests of Shareholders.
- Link compensation to the performance of the Corporation.
- Leverage performance through emphasis on variable compensation awarded against defined business goals.
- Align senior management closely with key elements of the Corporation's business strategy.

Subject always to the overriding discretion of the Compensation Committee, all awards made under the LTIP will comprise two parts of equal value:

- Options that vest in tranches over a three year period; on the condition of the executive remaining employed and not under notice of termination on the vesting date; and
- RSUs that will vest in tranches over a three year period, and pro-rata according to the Corporation's share price performance measured against the Market Vectors Junior Gold Mines ETF (the "GDJX") calculated over a calendar year.

However, no stock options nor RSUs were granted for NEOs for the year ended December 31, 2025.

Subsequent to the year ended December 31, 2025, 11,698,429 RSUs were awarded to NEOs and 250,000 stock options were granted to a director who is not an NEO, under non-market performance vesting conditions set by the Compensation Committee and approved by the Board, linked with the permitting development of the Illova-Shtuka Project.

Vesting of all awards is conditional on the executive remaining employed and not under notice of termination on the vesting date. All awards will be subject to the Compensation Committee having complete discretion to “claw back” the award in the event that it is later discovered that successful performance was based on material misstatement or error.

Awards of options and RSUs for all employees and consultants, including NEOs, are approved by the Board on the recommendation of the Compensation Committee.

#### **Option Plan**

The Option Plan provides that the maximum aggregate number of Common Shares that may be issuable pursuant to options granted under the Option Plan, which options are outstanding but unexercised and whether or not they are vested, is (i) if the Corporation is subject to the requirements of the TSXV, a number equal to 10% of the number of issued and outstanding Common Shares on a non-diluted basis at that time; and (ii) if the Corporation is subject to the requirements of the TSX, a number equal to 15% of the number of issued and outstanding Common Shares on a non-diluted basis at the time immediately prior to the option issuance in question. As a result, should the Corporation issue additional Common Shares in the future, the number of Common Shares issuable under the Option Plan will increase accordingly. The Option Plan is considered an “evergreen” plan, since the Common Shares covered by stock options which have been exercised shall be available for subsequent grants under the Option Plan and the number of stock options available to grant increases as the number of issued and outstanding Common Shares of the Corporation increases.

Because the Option Plan is considered a “rolling up to 10%” plan, the rules of the TSXV require that the Option Plan be approved by shareholders yearly. The Option Plan was last approved by Shareholders at the annual meeting of Shareholders held on June 24, 2025.

Under the Option Plan directors, executive officers, employees and consultants of the Corporation and its subsidiaries, as well as Management Company Employees and Eligible Charitable Organizations (both as defined in the TSXV rules) are eligible to receive stock options. The purpose of the Option Plan is to incentivize eligible persons to deliver beneficial services to the Corporation and to align their objectives with Shareholders in maximizing long-term shareholder value.

The Board has the right to amend any provisions of the Option Plan with respect to all Common Shares in respect of Options which have not yet been granted thereunder, subject to any necessary regulatory approval and, if required, Shareholder approval.

The Option Plan is administered by the Compensation Committee, which has the authority to grant stock options to directors, officers, employees, and consultants. At the time a stock option is granted, the Compensation Committee will determine the exercise price, which, if the Corporation is subject to the requirements of the TSXV and such exchange so permits, shall not be less than the Discounted Market Price (as defined in the TSX Venture Exchange Corporate Finance Manual) on the date on which the Option is granted, and if the Corporation is not subject to the requirements of the TSXV, shall not be less than the closing price of the Common Shares of the Corporation on the day immediately preceding the date of the grant, and any vesting criteria or other restrictions with respect to the exercise of the stock options. Stock options granted pursuant to the Option Plan are not transferable or assignable, and the term of any stock options granted shall not exceed a term of five (5) years.

If a stock option holder that is an employee or officer of the Corporation ceases to be employed by the Corporation as a result of resignation or termination, each stock option held by such holder will cease to be exercisable in a period not exceeding ninety (90) days following termination, or such longer period as the Compensation Committee may determine, provided that the rights under the option shall not be exercisable beyond the earlier of twelve (12) months from the date of termination and the expiration of the term of the option. If an employee who is an option holder is terminated for any other reason, the options which may be exercisable at the date of termination of employment and which remain unexercised at that date shall immediately terminate unless the board determines to grant such holder a period of time to exercise then unexercised (but vested) options, provided that in no event shall such period extend beyond the earlier of twelve (12) months from the date of termination and the expiration of the term of the option.

If the stock option holder that is engaged in investor relations activities ceases to be employed by the Corporation by reason of termination or resignation, the stock options will cease to be exercisable in a period not exceeding thirty (30) days following termination, or such longer period as the Compensation Committee may determine, provided that the rights under the option shall not be exercisable beyond the earlier of twelve (12) months from the date of termination and the expiration of the term of the option. If the stock option holder is a director of the Corporation, in the event such director's term of appointment or election as a director (where he is not reappointed or re-elected) ends, or the date upon which the removal or resignation of the holder as a director occurs, at any time during the term of the option, the stock options will continue to be exercisable for a period of ninety (90) days beyond that or such longer period as the board may determine in accordance with the terms of the option, provided that the rights under the option shall not be exercisable beyond the earlier of twelve (12) months from the date a director ceases to be an Eligible Person (as defined in the Option Plan) and the expiration of the term of the option.

If an optionee dies, the legal representative of the optionee may exercise the optionee's stock option on or before the earlier of a period of twelve (12) months after the optionee's death or the expiry date of the option but only for such shares as the optionee was entitled to at the date of his or her death.

The maximum number of Common Shares of the Corporation which may be reserved for issuance to any one person under the Option Plan in any 12-month period is 5% of the issued Common Shares of the Corporation (on a non-diluted basis), less the aggregate number of Common Shares reserved for issuance under any other share-based compensation arrangement of the Corporation. If the optionee is an insider of the Corporation at the time of any proposed reduction in exercise price of a stock option, the proposed reduction in the exercise price is subject to the receipt of prior disinterested shareholder approval. The Option Plan contains the following insider participation limits which apply if the Corporation is subject to the requirements of the TSXV and unless, if required thereby or by applicable law, approval by the shareholders is obtained: (i) the aggregate number of Common Shares which may be reserved for issuance at any time under options granted to insiders under the Option Plan together with any share compensation arrangement may not exceed 10% of the issued Common Shares; and (ii) the number of options that may be granted to insiders under the Option Plan together with any share compensation arrangement, within a 12-month period, may not exceed 10% of the issued Common Shares.

The Option Plan is allowed, at the discretion of the Board, for the exercise of options granted under the Option Plan on the basis of a Net Exercise (as such term is defined in section 4.8(d)(ii) of Policy 4.4) in addition to the existing cash basis of exercise.

All 5,553,603 stock options granted to NEOs expired during the year ended December 31, 2025, and accordingly, there were no outstanding stock options granted to NEOs as at December 31, 2025. Considering the maximum aggregate number of Common Shares available for the grant of stock options under the Option Plan, the RSU Plan and any other security-based compensation arrangement of the Corporation is equal to 10% of the issued and outstanding Corporation's Common Shares, on a non-diluted basis, as at December 31, 2025 the Corporation was entitled to grant a further 80,355,503 stock options or RSUs in aggregate, and up to 49,001,332 RSUs, to NEOs under either the Option Plan or the RSU Plan.

The exercise price of all stock options granted for NEOs is calculated on the basis of the closing market price of the Corporation's Common Shares on the day prior to grant of the stock option, as described in more detail in the Option Plan. Therefore, as stock options only have value if the market value of the Corporation's Common Shares appreciates over time (detailed below in "Summary Compensation Table"), the objective of stock option grants to executives is to align the interests of the executives directly to the interests of Shareholders while acting as a long-term retention and incentive tool.

#### **RSU Plan**

In March 2013 the Corporation adopted the RSU Plan. In June 2023 the Corporation increased the maximum number of RSUs reserved for issuance under the RSU Plan to 49,001,332 Common Shares. The RSU Plan was further amended in December 2023 as requested by the TSXV in connection with the Corporation becoming listed on the TSXV. The purpose of the RSU Plan is to assist and encourage directors, executive officers, employees and consultants of the Corporation to work towards and participate in the growth and development of the Corporation and to provide such persons with the opportunity to acquire an ownership interest in the Corporation. RSUs are "phantom" shares that rise and fall in value based on the value of the Corporation's Common Shares and are redeemed at no cost for a like number of Common Shares on the vesting dates determined by the Compensation Committee when the RSUs are granted. RSU JOE Awards are awards of shares to be jointly owned by an RSU Eligible Person and the trustee of the employees' share trust established by the Corporation (each, an "RSU JOE Award"). "RSU Eligible Person" means for the purposes of RSUs, at the grant date, directors, officers, employees or consultants of the Corporation, or any related entity or permitted assign of any such person (as such terms are defined in the RSU Plan) and for the purpose of RSU JOE Awards means directors, officers, employees of the

Corporation, or any related entity or permitted assign of any such person (as such terms are defined in the RSU Plan), provided that they are not in Canada.

The maximum number of RSUs reserved for issuance under the RSU Plan cannot currently exceed 49,001,332 Common Shares (or 10% of outstanding Common Shares as of December 31, 2023), subject to certain adjustments under the RSU Plan. The maximum number of Common Shares of the Corporation, which may be reserved for issuance at any time or granted to insiders, including within a 12-month period, together with any share-based compensation arrangement, may not exceed 10% of the issued Common Shares of the Corporation. If the Corporation is subject to the requirements of the TSXV and such exchange so requires, unless permitted by regulatory approval and, if required by applicable law, shareholder approval is obtained, the RSU Plan, when combined with any other share compensation arrangement, may not result at any time in the issuance to any one (1) Eligible Person (as defined in the RSU Plan), within a 12-month period, of a number of RSUs exceeding, in aggregate, 5% of the number of Common Shares outstanding at the grant date, with the exception of Consultants (as defined in the RSU Plan), to whom the number of RSUs granted within a 12-month period may not result in a number of RSUs exceeding 2% of the number of Common Shares outstanding at the grant date. Persons employed to provide Investor Relations Activities (as defined in the TSX Venture Exchange Corporate Finance Manual) are not eligible for any kind of securities-based compensation other than options issued under the Corporation's Option Plan.

The Board has the right to amend any provisions of the RSU Plan, which will be subject to any necessary regulatory approval and, if required, shareholder approval.

The RSUs issued under the RSU Plan are non-assignable and non-transferable if the Corporation is subject to the requirements of the TSXV and the TSXV so requires.

The vesting criteria for the RSUs is designed so that the value of the RSUs will appreciate or depreciate depending on how well the Corporation's Common Share price performs against its peers and general market conditions that are defined as benchmarks for that. The Compensation Committee has determined the GDJX to be a relevant benchmark to assess the share price performance. To the extent that the Corporation's share price underperforms the GDJX the number of RSUs vesting shall reduce on a pro-rata basis. To the extent that the Corporation's share price outperforms the GDJX additional RSUs shall be awarded on a proportionate basis. Under the RSU Plan, no RSUs may vest before one (1) year from the date of issuance or grant.

No later than thirty (30) days following the vesting of RSUs, an equal number of Common Shares will be issued from the treasury of the Corporation.

At December 31, 2025, 6,843,504 RSUs were granted (or 1% of outstanding shares), but no RSUs were granted to NEOs.

Given that RSUs are redeemed at no cost, the market value of the Corporation's Common Shares represents the value to executives, whereby RSUs, as an incentive tool, is aligning the interests of the executives directly to the interests of Shareholders.

#### **DPU Plan**

In March 2013 the Corporation adopted the DPU Plan authorizing the Compensation Committee to grant, from time to time, DPUs to any DPU Eligible Person (as defined below). The purpose of the DPU Plan is to strengthen the alignment of interests between the directors, officers and Shareholders of the Corporation by permitting directors and certain officers to link at least a portion of annual compensation to the future value of the Common Shares of the Corporation. In addition, the DPU Plan has been adopted for the purpose of advancing the interests of the Corporation through the motivation, attraction and retention of individuals as directors and officers. DPUs are "phantom" units that rise and fall in value based on the value of the Corporation's Common Shares, to be redeemed by the Corporation on a date as provided for in the DPU Plan ("**Redemption Date**"). Under the terms of the DPU Plan, the Redemption Date cannot occur earlier than ninety (90) days following the Separation Date (as defined below) or later than the last business day of the calendar year following the calendar year in which the Separation Date occurs. A "**Separation Date**" is the earliest date that the holder of a DPU ("**DPU Participant**") ceases to be a director, officer or employee of the Corporation or an affiliate of the Corporation (as designated by the Compensation Committee for the purposes of the DPU Plan) ("**Designated Affiliate**"). However, DPUs are not redeemed for actual Common Shares in the Corporation, but instead for a payment of cash by the Corporation to the relevant DPU Participant ("**DPU Payment**") on the Redemption Date. "**DPU Eligible Person**" means, at the effective date of grant any officer or director of the Corporation or of a Designated Affiliate.

Subject to the terms of the DPU Plan, each DPU Participant may elect (“**DPU Election**”) to receive up to 100% of the remuneration (including any bonus) (“**Remuneration**”) due to him/her, in respect of services that he/she has performed during a six month period, in DPUs. The deadline (“**DPU Election Deadline**”) for the DPU Election to be made for (i) services rendered between 1 April and 30 September of a given year shall be 31 March of that year and (ii) for services rendered between 30 September and 31 March shall be 30 September of that previous year. Subject to compliance with any applicable rules of the TSXV, the number of DPUs that a DPU Participant is entitled to receive (on the date that an instalment of Remuneration is payable to him/her by the Corporation) (“**DPU Issue Date**”) will be equal to the number that results from dividing (a) the dollar value of the portion of the Remuneration that the DPU Participant has elected to receive in DPUs by (b) the volume weighted average trading price of the Common Shares of the Corporation on the TSX/TSXV during which the earned Remuneration is applied.

Notwithstanding any of the above, the Compensation Committee has the authority to make any special grants of DPUs to any DPU Eligible Person, at any time and attaching any terms or conditions (including in relation to the vesting of such DPUs), as the Compensation Committee shall in its sole discretion deem appropriate.

Each vested DPU held by a DPU Participant who ceases to be a DPU Eligible Person shall be redeemed by the Corporation on the relevant Redemption Date for that DPU Participant, by way of a DPU Payment, less applicable withholding taxes. In respect of each vested DPU to be redeemed, the DPU Payment shall be a cash payment equal to the volume weighted average trading price of the Common Shares of the Corporation on the TSXV for the last five (5) trading days immediately preceding the applicable Separation Date.

The DPU Plan shall remain in effect until it is terminated by the Compensation Committee. Notwithstanding the termination of the DPU Plan, the Corporation shall redeem all DPUs that are outstanding as at the date of termination, on the applicable Redemption Date for each of the remaining DPU Participants.

Except to the extent that the DPU Plan requires any action or decision to be taken or made by the Compensation Committee as a whole, the DPU Plan shall be administered by either the Board or if the Board so determines by resolution, a committee of the Board (the “**Committee**”) comprised of not less than three (3) members. The Committee shall have full discretionary authority to administer the DPU Plan, which shall include the authority to interpret and construe any provision of the DPU Plan and to adopt, amend and rescind such rules and regulations for administering the DPU Plan as the Committee may deem necessary to comply with the requirements of the DPU Plan. This is subject to the fact that certain amendments (including materially increasing the benefits under the DPU Plan) shall only be effective upon such amendment being approved by the Board and, if required, the TSXV and any other applicable regulatory authority.

#### Burn Rate

The annual burn rate for each of the Option Plan and the RSU Plan for the three (3) most recently completed financial years, expressed as a percentage and calculated by dividing the number of awards granted during the financial year by the weighted average number of Common Shares outstanding for the financial year, is set forth in the following table:

| Financial Year Ending 31 December | Burn Rate   |          | Vesting conditions         |  |
|-----------------------------------|-------------|----------|----------------------------|--|
|                                   | Option Plan | RSU Plan | Option Plan <sup>1</sup>   | RSU Plan   |
| 2025                              | n/a         | n/a      | No grant of stock options. | No grant of RSUs.  |
| 2024                              | n/a         | n/a      | No grant of stock options. | No grant of RSUs.  |
| 2023                              | n/a         | 1.30%    | No grant of stock options. | Granted 6,250,000 RSUs, out of which:<br>(i) 3,125,000 vested on Merger on Concessions and approval of the EIA for the merged concessions;<br>(ii) 3,125,000 vested on Exploitation Permit for the merged concessions. |

Notes:

1. Stock options granted pursuant to the Option Plan are not transferable or assignable, and the term of any stock options granted shall not exceed a term of five (5) years.

No awards from the Option Plan or the RSU Plan have been made to NEOs during the three (3) most recently completed financial years.

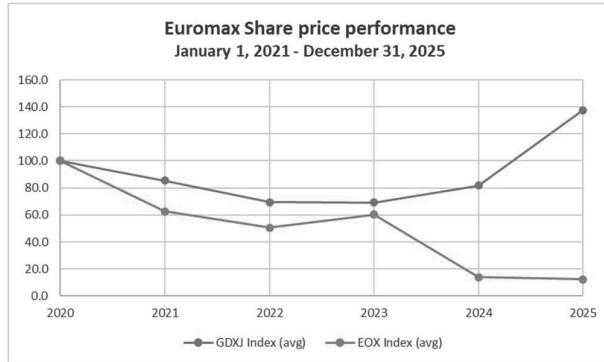

#### Risk Management

The Board reviews at least once annually the risks, if any, associated with the Corporation’s compensation policies and practices. To date, the Board has not identified any risks that would be likely to have a material adverse effect on the Corporation.

**Hedging of Economic Risks in the Corporation’s Securities**

The Corporation has not adopted a policy forbidding directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Corporation’s securities granted as compensation or held, directly or indirectly, by directors or officers. The Corporation is not, however, aware of any directors or officers having entered into this type of transaction.

**Performance Graph**

The Performance graph compares the yearly percentage change in the cumulative total shareholder return on the TSX for \$100 invested in Euromax’s Common Shares on January 1, 2021 against the cumulative total shareholder return of the GDXJ for five (5) most recently completed financial years.

As illustrated above, the Corporation’s Common Shares underperformed in the previous year, and therefore no compensation to executive officers was provided with respect to the Corporation’s performance against this benchmark index during the year ended December 31, 2025. Furthermore, even though the GDXJ is considered by the Corporation to be the most relevant benchmark index to assess the Corporation’s share price performance, no compensation to executive officers was provided with respect to the Corporation’s performance against this benchmark index since January 1, 2021.

### Summary Compensation Table

The following table provides a summary of the compensation paid to each of the Corporation's NEOs for each of the Corporation's three (3) most recently completed financial years that ended on or after December 31, 2023.

Notes:

1. Share based awards represent RSUs and DPUs. Such awards are calculated according to International Financial Reporting Standards and are valued using the Corporations' share price on the day preceding the grant date.
2. Option based-awards are calculated according to International Financial Reporting Standards using the Black-Scholes option pricing model. The weighted average assumptions used for stock options granted in 2020, were: (i) 0.48% discount rate, (ii) 60% annualized volatility applied, (iii) no dividends being paid during the term of the options, and (iv) a five-year term. The Corporation believes that the Black-Scholes option pricing model adequately captures the substantive features of the option granted and is appropriate to calculate their fair value. However, these stock options expired during the year ended December 31, 2025.
3. These amounts represent cash bonuses.
4. Mr. Morgan-Wynne did not receive any additional compensation fees for his director roles during 2023, 2024 and 2025, while he was engaged as executive officers.

### Incentive Plan Awards – Value Vested or Earned During Year

The following table sets forth information concerning all awards outstanding under incentive plans of the Corporation that provide compensation, for the most recently completed financial year, including awards granted before the most recently completed financial year, to each of the NEOs:

| NEO Name         | Option-Based Awards - Value Vested During The Year <sup>1</sup> (\$) | Share-Based Awards - Value Vested During The Year <sup>2</sup> (\$) | Non-Equity Incentive Plan Compensation - Value Earned During The Year (\$) |

Notes:

1. Amounts shown are based on the difference between the market price of the Common Shares of the Corporation on the TSXV at market close on the date of vesting of the stock options and the exercise price of in-the-money options. The stock options have not been and may never be exercised and the actual gain, if any, on exercise will depend on the value of the Common Shares on the date of exercise.
2. Amounts shown represent grants of DPUs to non-management directors in 2025. The value of the DPUs is based on the volume weighted average trading price of the Common Shares of the Corporation on the TSXV during which the earned Remuneration is applied. The DPUs were granted within five (5) days of each calendar quarter end and vested immediately.

### Estimated Payment to NEO on Termination and Change of Control Benefits

The Corporation does not have employment contracts with its current employees that provide compensation for such employees in case of termination without cause, a change of control of the Corporation or its subsidiaries, or a change in responsibilities of the NEO following a change in control.

The RSU Plan and the Option Plan both contain provisions that apply upon change of control of the Corporation. Under the Option Plan, if a *bona fide* offer is made to shareholders of the Corporation generally that, if accepted, would result in the offeror becoming a control person of the Corporation, as defined in the *Securities Act* (British Columbia), all Options shall become fully vested and exercisable so that the Optionee (as defined in the Option Plan) may tender the resulting shares pursuant to the offer. In the event of a take-over bid, issuer bid, amalgamation, merger, or arrangement following a take-over bid, each Optionee is entitled to receive, for the same exercise price, the aggregate consideration the Optionee would have received had the Option been exercised and the shares tendered, the whole as further described in Section 7 of the Option Plan. Under the RSU Plan, upon the occurrence of a Change of Control, as defined therein, all RSUs and RSU JOE Awards shall automatically and irrevocably become vested in full.

### Pension Benefits

The Corporation does not have in place its own defined benefit or defined contribution pension plan. During 2025, pursuant to the Corporation's UK subsidiary's employment contract with Mr. Morgan-Wynne, no pension contributions were paid as addition to his salary.

### Securities Authorized for Issuance Under Equity Compensation Plans

The following table summarizes relevant information as of December 31, 2025 with respect to compensation plans under which equity securities are authorized for issuance. At that date the Corporation had 803,555,033 Common Shares issued and outstanding.

| Plan Category   | Number of Common Shares of the Corporation to be issued upon exercise of outstanding options warrants and rights | Weighted Average exercise price of outstanding options warrants and rights \$ | Number of Common Shares of the Corporation remaining available for future issuance under equity compensation plans |
|---|--|---|--|
| Equity compensation plans approved by securityholders     | 6,843,504  | \$0.02  | 73,511,999   |
| Equity compensation plans not approved by securityholders | Nil  | N/A   | Nil  |

Notes:

1. The Option Plan was approved by Shareholders at the annual meeting of Shareholders held on June 24, 2025. The Option Plan will be subject to approval by Shareholders on this Annual General Meeting. Since the Option Plan is considered a “rolling up to 10%” plan, the rules of the TSXV require that the Option Plan be approved by shareholders each year.

The maximum aggregate number of Common Shares available for the grant of options under the Option Plan, the RSU Plan and any other security-based compensation arrangement of the Corporation, is that number which is equal to 10% of the number of issued and outstanding Common Shares of the Corporation, on a non-diluted basis, immediately prior to the grant of any particular option. As at the date of this Circular, the Corporation has a total of 937,317,523 Common Shares issued and outstanding, and has granted a total of:

- a) 250,000 outstanding stock options to purchase Common Shares of the Corporation, representing approximately 0.03% of the Corporation’s issued and outstanding Common Shares; and
- b) 18,541,933 RSUs that convert into Common Shares of the Corporation when vested, representing approximately an additional 1.98% of the Corporation’s issued and outstanding Common Shares.

The Corporation is therefore entitled to grant a further 74,939,819 options or RSUs in aggregate, but no more than 30,459,399 RSUs, under either the Option Plan or under the RSU Plan provided that at all times the Corporation is in compliance with the limits set out in the Option Plan.

## STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board is responsible for the corporate governance of the Corporation. The Board guides and monitors the business and affairs of the Corporation on behalf of its Shareholders.

Under National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“NI 58-101”) and National Policy 58-201 – *Corporate Governance Guidelines*, the Corporation is required to disclose certain information relating to its corporate governance practices. A description of the Corporation’s governance practices and policies with reference to the items set forth in NI 58-101 is set out below.

The Board and senior management consider good corporate governance to be central to the effective and efficient operation of the Corporation.

### Board of Directors

The Board is currently comprised of nine (9) members, seven (7) of whom are “independent”, within the meaning of NI 58-101. Specifically, Messrs. Jull, Konig, Forward, Burke, Sciazko, Vutov and Delchev are independent within the meaning of NI 58-101. Mr. Forward served as a Chief Operating Officer of the Corporation until October 2021.

Mr. Treand was an Executive Director of the Corporation until March 2024, and until February 2023 served as the President of the Corporation, and since March 2024 he has continued to serve as Director without an executive role. Mr. Morgan-Wynne served as Executive Chairman of the Corporation from September 2020 to January 2026, and since June 2023, has served as Chief Executive Officer.

The Board works with management to develop the Corporation’s strategic direction. During 2012, following a change in management, the Corporation was re-focused as a copper exploration and development company and specific key strategic steps were identified.

To reflect good corporate governance, the Corporation maintains separate Non-Executive Chairman and Chief Executive Officer positions. This allows the Board to be more effective in overseeing the Corporation’s affairs and holding management accountable for its activities.

As Non-Executive Chairman of the Board, Mr. Jull consults with the Chief Executive Officer in establishing the agenda for each meeting of the Board and developing the Board’s priorities. Mr. Jull serves as the effective leader of the Board and ensures that the Board’s agenda enables it to successfully carry out its duties in accordance with its Mandate (as defined below) and corporate governance guidelines and policies and conduct its work efficiently and independently from management.

The Non-Executive Chairman sets the tone and culture of the Corporation by fostering ethical and responsible decision-making, appropriate oversight of management and best practices in corporate governance, as well as a spirit of respect, trust and collegiality among directors, and between the Board and management, where thoughtful, probative questions and thorough discussions are encouraged.

The Non-Executive Chairman is a liaison between the Board and the Chief Executive Officer, and provides advice, counsel and mentorship to the Chief Executive Officer and to individual directors, serves as a key interface between individual directors, and engages with shareholders, other stakeholders of the Corporation and the public where appropriate.

Due to the limited availability of directors with experience relevant to the Corporation’s specific circumstances that could create mutually beneficial opportunities for all shareholders, the Corporation has not yet adopted term limits for the directors on its Board. The Board is composed of directors elected by Shareholders at an annual general meeting of the Corporation, and directors appointed by the Board between annual general meetings in accordance with the Corporation’s Articles and applicable law.

### Roles and Responsibilities of the Board

On August 24, 2015, the Corporation adopted a mandate of the Board (the “**Mandate**”) to assist it in fulfilling its fiduciary duties and other responsibilities for the stewardship and supervision of the business and affairs of the Corporation with a view to preserving and enhancing the business and underlying value of the Corporation.

The Board’s Mandate can be accessed through the Corporation’s web site under “About us – Corporate Governance – Corporate Policies” at [www.euromaxresources.com](http://www.euromaxresources.com).

### Meetings of the Board of Directors

The Board's responsibility for managing the Corporation includes oversight of management and in that regard the independent directors provide an important function. According to the Corporation's Mandate, the Board shall ensure that the independent directors meet regularly without executive directors and management present.

The Board meets a minimum of four (4) times per year and as otherwise required. Typically, the Audit Committee meets at least four (4) times per year, the Compensation Committee meets at least once a year and the Technical Committee meets once each quarter, unless the Technical Committee determines a shorter interval. Each committee may meet more frequently as deemed necessary by the applicable committee. However, due to lack of significant development of the Ilovica-Shtuka Project, only two (2) meetings were held by the Technical Committee during the year ended December 31, 2025. The frequency of meetings and the nature of each meeting agenda depend on the business and affairs that the Corporation faces from time to time. The table below provides details on director attendance of Board and committee meetings held during the year ended December 31, 2025.

|                   | Board of Directors | Audit Committee   | Compensation Committee | Technical Committee | Special Committee | Totals            |                      |

### Directorships

Mr. Konig, is also Executive Chairman of Nyrstar NV, Mr. Jull is a Chairman of Arrow Exploration Corp. Messrs. Burke, Sciazko, Morgan-Wynne, Treand, Forward, Vutov and Delchev are not directors of any other reporting issuer.

### Position Descriptions

The Board has developed a written position description for the CEO of the Corporation. The CEO of the Corporation, in partnership with the Board, is responsible for the success of the Corporation, the accomplishment of its mission, and the accountability of the Corporation to its Shareholders and stakeholders. The Board delegates responsibility for management and day-to-day operations to the CEO and he has the authority to carry out these responsibilities, in accordance with the direction and policies established by the Board.

As of the date of this Circular, the responsibilities delegated to the President and CEO of the Corporation have been split. Mr. Morgan-Wynne acts as CEO and is responsible for management and day-to-day operations of the Corporation in accordance with the direction and policies established by the Board, and is currently also assuming the responsibilities of President.

To date, the Board has not formalized position descriptions for the Chairman of the Board and the chair of each committee. However, certain responsibilities of the Chairman of the Board are delineated in the Mandate of the Board. Furthermore, the Chairman of the Audit Committee acts within the parameters set out in the Audit Committee Charter, attached as Appendix 1 to the Corporation's Annual Information Form dated April 17, 2026 (the "AIF"), which is available on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca). It is the Corporation's intention to develop and approve clear position descriptions for these roles in the future.

### **Orientation and Continuing Education**

The Corporation does not provide a formal orientation or education program for new directors. However, new directors are provided with information about the nature and operation of the Corporation's business, current issues, corporate strategy and the role of the Board and its committees. The Board also encourages directors to participate in continuing education opportunities in order to ensure that directors may maintain or enhance their skills and abilities as directors and maintain a current and thorough understanding of the Corporation's business.

In addition, management of the Corporation takes steps to ensure that its directors and officers are continually updated as to the latest corporate and securities policies which may affect the directors, officers, committee members and the Corporation as a whole. Any such changes or new requirements are brought to the attention of the Corporation's directors either by way of meetings or circulated in a memorandum.

### **Ethical Business Conduct**

The Board is of the view that the fiduciary duties placed on individual directors by the governing corporate legislation and the common law and the restrictions placed by such legislation on an individual director's participation in decisions of the Board in which the director has an interest are sufficient to ensure that the Board operates independently of management and that directors act in the best interests of the Corporation.

The governing corporate legislation provides that a director is required to act honestly and in good faith with a view to the best interests of a corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the Board the nature and extent of any interest of the director in any material contract or material business transaction, whether made or proposed, or is a director or senior officer of, or has a material interest in, a person that has a material interest in such material contract or business transaction.

As part of its commitment to maintain the highest ethical standards, the Board has adopted a Code of Business Conduct and Ethics (the "Code") which applies to all our directors, officers and employees including permanent, contract, secondment and temporary agency employees who are on long term assignments with the Corporation, as well as to consultants and contractors to the Corporation. A copy of our Code may be accessed through the Corporation's web site under "About us – Corporate Governance – Corporate Policies" at [www.euromaxresources.com](http://www.euromaxresources.com). Each director, officer and employee of the Corporation is required to certify on an annual basis that he or she has read the Code and is in compliance with it. The Annual Certification Form is attached to the Code as Exhibit B. Exhibit A of the Code is the internal Whistleblower Policy that provides for a formal process for submitting reports concerning breaches of the Code and complaints regarding accounting, internal accounting controls, auditing matters or fraud, with the ability to submit such reports on an anonymous basis. The Board reviews and evaluates the Whistleblower Policy on an annual basis to determine whether it is effective.

Any waivers of compliance with the Code will only be given where appropriate. Any waivers for executive officers and directors must be approved, in advance, by the Board, and will be promptly disclosed as required by law or stock exchange regulation. The Board did not grant any waiver of the Code in 2025.

The Corporation has a separate Disclosure, Confidentiality and Insider Trading Policy which sets out the rules and guidelines that all employees, officers and directors must follow in order to comply with the laws on securities trading.

Another demonstration of the Corporation's commitment to conduct business honestly, ethically and in compliance with laws is the Corporation's Anti-Corruption and Bribery Policy regulating the Corporation's zero-tolerance approach to bribery and corruption and its commitment to acting professionally, fairly and with integrity in all business dealings.

Certain of the directors of the Corporation are directors or officers of other mineral resource companies and, to the extent that such other companies may participate in ventures in which the Corporation may participate, the directors of the Corporation may have a conflict of interest in negotiating and concluding terms respecting the extent of such participation. In the event that such a conflict of interest arises at a meeting of the directors of the Corporation, a director who has such a conflict will abstain from voting for or against the approval of such matter. Furthermore, in appropriate cases the Corporation will establish a special committee of independent directors to review a matter in which several directors, or management, may have a conflict.

**Nomination of Directors**

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the chairman. Members of the Board and representatives of the mining industry are consulted for possible candidates.

**Women in Leadership**

Whilst the Board views diversity and inclusion as essential to the growth and success of the Corporation, no formal policy relating to the identification and nomination of women directors has yet been adopted, but the Board continues to consider it. The Corporation also does not set fixed percentages or quotas regarding women on the Board or in executive officer positions as such fixed quotas do not necessarily result in the identification and selection of the best candidates.

With respect to executive officer appointments, Euromax recruits, manages and promotes on the basis of an individual's competence, qualification, experience and performance, also with due regard for the benefits of diversity (including the level of representation of women in executive officer positions). In addition to the expertise and experience required, management considers the representation of women when making recommendations to the Board on executive officer appointments and the Board considers both the level of female representation and diversity as essential considerations in the selection process for executive officers. The Corporation currently has no female executive officers.

The Board considers our future business strategy, the core skills and experience required to carry out the strategy, gender balance and ability of each individual when identifying potential successors for advancement to more senior roles.

The Corporation currently has no women on the Corporation's Board. The Board remains receptive to increasing the representation of women on the Board, taking into account the skills, background, experiences and knowledge desired at that particular time by the Board and its committees.

**Compensation Committee**

The Compensation Committee acts as a compensation committee in respect of executive compensation. The Compensation Committee is comprised of three (3) independent directors, Messrs. Konig (Chair), Burke and Forward. Following the Meeting, if Messrs. Konig, Burke and Forward are elected as directors, these independent directors will continue to serve on the Corporation's Compensation Committee.

The Compensation Committee makes its recommendations to the Board following its objective review of compensation having regard to the advice and recommendations of consultants where appropriate to ensure an independent and objective assessment of executive compensation. In addition, non-independent members are excused from the meeting when the Compensation Committee is discussing agenda items for which they are not independent.

The Compensation Committee is responsible for, among other things, evaluating the performance of the Corporation's management and directors in light of the Corporation's performance and making recommendations to the Board with respect to the compensation level for the Corporation's management and directors based on this evaluation. The Compensation Committee reviews compensation annually. Further information regarding the activities and recommendations of the Compensation Committee is provided above under the "Compensation Discussion and Analysis".

**Technical Committee**

The Technical Committee of the Board is currently comprised of Messrs. Morris (Chair), Morgan-Wynne and Forward. Once the development of the Ilovica-Shtuka Project is reinitiated, one (1) additional member will be appointed, which should be a nominee proposed by Galena.

The Technical Committee establishes project governance and reporting framework for the Ilovica-Shtuka Project. It also regularly assesses and reviews the progress of the project and makes recommendations on project matters for the Board's or management's consideration.

### Audit Committee

The Audit Committee provides review and oversight of the Corporation's accounting and financial reporting process, and the audit process, including the selection, oversight and compensation of the Corporation's external auditor. As at the date of this circular, the following directors are members of the Audit Committee:

|                   |                          |                                   |

| Martyn Konig      | Independent <sup>1</sup> | Financially literate <sup>2</sup> |
| James Burke       | Independent <sup>1</sup> | Financially literate <sup>2</sup> |

<sup>1</sup> A member of an Audit Committee is independent if the member has no direct or indirect material relationship with the Company which could, in the view of the Board, reasonably interfere with the exercise of the member's independent judgment.

<sup>2</sup> An individual is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

The education and experience of each Audit Committee member relevant to the performance of his responsibilities as a member of the Audit Committee is described in their respective biographies set out under the heading "Directors and Officers" in the AIF. The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as described in the Company's Audit Committee Charter.

### Special Committee

During December 2025, an ad-hoc Special Committee was formed in connection with the non-brokered private placement announced in December 2025 and closed in January 2026, comprised of: Patrick Forward (Chair), Martyn Konig and Nicolas Treand.

### Assessments

The contributions and effectiveness of the Board and its committees are evaluated on an informal basis through discussions among Board members and communication between Board members and management.

- 3. SHARES SUBJECT TO THE PLAN**
- 3.1. Subject to section 14, at any time, the maximum aggregate number of Shares that may be issuable pursuant to Options granted under the Plan, which Options are outstanding but unexercised and whether or not they are Vested, shall be: (i) if the Corporation is subject to the requirements of the TSX Venture Exchange, a number equal to 10% of the number of issued and outstanding Shares on a non-diluted basis at that time; and (ii) if the Corporation is subject to the requirements of the Toronto Stock Exchange, a number equal to 15% of the number of issued and outstanding Shares on a non-diluted basis at that time. For the purposes of this subsection 3.1, the total number of "**issued and outstanding Shares**" is determined on the basis of the number of Shares that are issued and outstanding immediately prior to the Option issuance in question.
- 3.2. The maximum number of Shares which may be reserved for issuance to any one Person under the Plan shall be 5% of the issued Shares (on a non-diluted basis) less the aggregate number of Shares reserved for issuance to such Person under any other Share Compensation Arrangement of the Corporation in any 12 month period.
- 3.3. If the Corporation is subject to the requirements of the TSX Venture Exchange and such exchange so requires, the maximum number of Shares which may be reserved for issuance to any one Consultant under the Plan shall be no more than 2% of the issued Shares (on a non-diluted basis) less the aggregate number of Shares reserved for issuance to such Person under any other Share Compensation Arrangement of the Corporation in any 12 month period.
- 3.4. If the Corporation is subject to the requirements of the TSX Venture Exchange and such exchange so requires, the maximum number of Shares which may be reserved for issuance to all Persons employed to provide Investor Relations Activities (as defined in the TSX Venture Exchange Corporate Finance Manual) under the Plan, together with any other stock option plan, options for service or stock purchase plan, shall be no more than 2% in aggregate of the issued Shares (on a non-diluted basis) in any 12 month period. For the avoidance of doubt, if the Corporation is subject to the requirements of the TSX Venture Exchange, Persons employed to provide Investor Relations Activities (as defined in the TSX Venture Exchange Corporate Finance Manual) shall not be eligible for any kind of securities-based compensation other than Options.
- 3.5. If the Corporation is subject to the requirements of the TSX Venture Exchange and unless, if required thereby or by applicable law, approval by the shareholders is obtained:
- the aggregate number of Shares which may be reserved for issuance at any time under Options granted to Insiders under the Plan together with any Share Compensation Arrangement may not exceed 10% of the issued Shares; and
  - the number of Options that may be granted to Insiders under the Plan together with any Share Compensation Arrangement, within a 12-month period, may not exceed 10% of the issued Shares.
- 4. GRANT OF OPTIONS AND ADMINISTRATION OF THE PLAN**
- 4.1. Persons eligible to receive grants of Options under the Plan shall be limited to Eligible Persons. Each Employee, Consultant or Management Company Employee, as the case may be, shall, together with the Corporation, confirm in connection with the issuance of any grants of Options, that it is a bona fide Employee, Consultant or Management Company Employee, as the case may be.
- 4.2. This Plan will be administered by the Board.
- 4.3. Subject only to the express provisions of the Plan, the Board shall have, and hereby is specifically granted, the sole authority:
- to grant Options to Eligible Persons and to determine the terms of, and the limitations, restrictions and conditions upon, such grants;
  - to authorize any Officer to execute and deliver any Option agreement, notice or document and to do any other act as contemplated by the Plan for and on behalf of the Corporation;
  - to interpret the Plan and to adopt, amend and rescind such administrative guidelines and other rules and regulations relating to the Plan as it may from time to time deem advisable; and

- d. to make all other determinations and perform all such other actions as the Board deems necessary or advisable to implement and administer the Plan.
- 4.4. The determinations of the Board under the Plan (including, without limitation, determinations of the Eligible Persons who are to receive grants of Options and the amount and timing of such grants), need not be uniform and may be made by it selectively among Eligible Persons who receive, or are eligible to receive, grants of Options under the Plan, whether or not such Eligible Persons are similarly situated as to office, length of service, salary or any other factor. The Board may, in its discretion, authorize the granting of additional Options to an Optionee before an existing Option has terminated.
- 4.5. All guidelines, rules, regulations, decisions and interpretations of the Board respecting the Plan or Options shall be binding and conclusive on the Corporation, on all Optionees and their respective personal legal representatives, and on all Eligible Persons.

#### 5. TERM OF OPTIONS

- 5.1. Each Option shall be for the term determined by the Board, but in no case shall an Option be granted by the Board for a term of longer than five years from the date of the granting of the Option.
- 5.2. If the term of an Option held by an Optionee expires during a period when the Optionee is prohibited from trading in the Shares pursuant to securities regulatory requirements or to the disclosure policy of the Corporation (the "**Blackout Period**"), and on the trading day immediately preceding the expiry date of the Option, the closing price of a Share on the principal market on which the Shares are traded is greater than the exercise price of the Option, then the term of such Option or unexercised portion thereof shall be extended and shall expire ten (10) business days after the end of the Blackout Period.
- 5.3. For greater certainty, if at the time the Optionee ceases to be a Director, Officer, bona fide fulltime salaried Employee or Consultant of the Corporation or a Subsidiary due to early retirement, voluntary resignation or termination by the Corporation for any reason other than as specified in section 11, there is a Blackout Period, or if at any time during the relevant period set out in subsections 11.1, 11.2, 11.3, 11.4 or 11.5, there is a Blackout Period, then in calculating the time that the Options then held by the Optionee shall be exercisable to acquire any Optioned Shares that have Vested, the relevant period shall be in addition to any such Blackout Period.
- 5.4. For greater certainty, an Option that has not become Vested in respect of any unissued Optioned Shares at the time that the relevant events referred to in section 11 occur shall not be or become exercisable in respect of such unissued Optioned Shares and shall be cancelled.

#### 6. OPTION PRICE

- 6.1. The Option Price for any Option shall be determined from time to time by the Board, in compliance with all the rules and requirements respecting the pricing of options imposed by the principal stock exchange on which the securities of the Corporation are listed and provided that the Option Price for any Option:
  - a. if the Corporation is subject to the requirements of the TSX Venture Exchange and such exchange so permits, shall not be less than the Discounted Market Price (as defined in the TSX Venture Exchange Corporate Finance Manual) on the date on which the Option is granted; and
  - b. if the Corporation is not subject to the requirements of the TSX Venture Exchange, shall not be less than the Market Price on the date on which the option is granted.

#### 7. VESTING AND EXERCISE OF OPTIONS

- 7.1. Except as provided in section 7.2 and unless otherwise determined by the Board, in its discretion, each Option shall be exercisable ("**Vested**") as follows:
  - a. within six months after the date of grant of the Option, the Optionee may exercise his or her rights as to 33% of the Optioned Shares or any part thereof;
  - b. within twelve months after the date of grant of the Option, the Optionee may exercise his or her rights as to an additional 33% of the Optioned Shares or any part thereof; and
  - c. after eighteen months, the Optionee may exercise his or her right as to the remaining 34% of the Optioned Shares, and may also exercise his or her rights to all or any part of that number of Shares which he could have but did not purchase upon exercise of his or her Option in the 18 months following the grant of the Option.

- 7.2. Options issued to Persons employed to provide Investor Relations Activities (as defined in the TSX Venture Exchange Corporate Finance Manual) shall become Vested in stages over a period of not less than 12 months such that:
- within a minimum of three months after the date of grant of the Option, the Optionee may exercise his or her rights in respect of up to 25% of the Optioned Shares or any part thereof;
  - within a minimum of six months after the date of grant of the Option, the Optionee may exercise his or her rights in respect of up to 50% of the Optioned Shares or any part thereof;
  - within a minimum of nine months after the date of grant of the Option, the Optionee may exercise his or her rights in respect of up to 75% of the Optioned Shares or any part thereof;
  - within a minimum of 12 months after the date of grant of the Option, the Optionee may exercise his or her rights in respect of up to 100% of the Optioned Shares or any part thereof.
- 7.3. Subject to the provisions of the Plan, generally, an Option may be exercised by the Optionee or his or her personal legal representative in cash (such exercise, a "**Cash Exercise**") by giving to the Corporation at its principal executive office written notice specifying that the Optionee is electing to exercise his or her Options by means of a Cash Exercise, the number of Optioned Shares to be subscribed for, and enclosing payment in full of the applicable exercise price in cash or by certified cheque made to the order of the Corporation. In the event that an Optionee elects to exercise his or her Options by means of a Cash Exercise but does not enclose payment in full of the applicable exercise price, the Corporation may, in its absolute discretion, deem such Options to have been exercised by means of a Net Exercise (as defined below).
- 7.4. Alternatively, the Board may, subject to the provisions of the Plan, in its discretion, either at the time of grant or at the time of exercise of an Option, elect to permit the exercise of Options by an Optionee or his or her personal legal representative by means of a "**Net Exercise**", whereby Options, excluding Options held by any Investor Relations Provider (as defined in the TSX Venture Exchange Corporate Finance Manual), are exercised without the Optionee making any cash payment so the Corporation does not receive any cash for the exercise of the subject Options, and instead the Optionee receives only the number of Optioned Shares that is equal to the quotient obtained by dividing:
- the product of the number of Options being exercised multiplied by the difference between the VWAP of the Optioned Shares and the exercise price of the subject Options; by
  - the VWAP of the Optioned Shares,
- (the "**Net Exercise Shares**") by giving to the Corporation at its principal executive office written notice of such Net Exercise specifying that the Optionee is electing to exercise his or her Options by means of a Net Exercise and the number of Option Shares to be subscribed for. Options subject to a Net Exercise shall be disposed of by the Optionee to the Corporation in consideration for the Net Exercise Shares.
- In the event of a Net Exercise, the number of Options exercised, surrendered or converted, and not the number of Shares actually issued by the Corporation, must be included in calculating the limits on the number of Options or Optioned Shares that may be issued pursuant to this Plan.
- 7.5. Where an Optionee chooses to use the Net Exercise alternative, the Corporation shall make the election provided for in subsection 110(1.1) of the Income Tax Act (Canada) in circumstances where the Optionee is otherwise eligible for the deduction provided for in paragraph 110(1)(d) of the Income Tax Act (Canada).
- 7.6. Upon any such exercise of an Option, whether by means of Cash Exercise or a Net Exercise, the Corporation shall forthwith cause the registrar and transfer agent of the Corporation to deliver to the Optionee or his or her personal representative (or as the Optionee or his or her personal representative may otherwise direct in the written notice of exercise) a certificate or certificates in the name of the Optionee or his or her personal representative (or as otherwise directed in the written notice of exercise) representing in the aggregate such number of Shares as the Optionee or his or her personal representative shall have subscribed for.

## Schedule "A" – Stock Option Plan

- 7.7. Except as provided in sections 9, 11 and 12, no Option may be exercised in whole or in part at any time unless at the time of such exercise the Optionee is an Eligible Person.
- 7.8. If a bona fide offer (an "**Offer**") for Shares is made to the Optionee or to shareholders of the Corporation generally or to a class of shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in the offeror becoming a control person of the Corporation, within the meaning of Subsection 1(1) of the Securities Act (British Columbia), the Corporation shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon (subject to the approval of the TSX Venture Exchange) all Optioned Shares subject to such Option will become Vested and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Optioned Shares received upon such exercise, pursuant to the Offer. However, if:
- the Offer is not completed within the time specified therein; or
  - all of the Optioned Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then the Optioned Shares received upon such exercise, or in the case of paragraph (b) above, the Optioned Shares that are not taken up and paid for, may be returned by the Optionee to the Corporation and reinstated as authorized but unissued Shares and with respect to such returned Optioned Shares, the Option shall be reinstated as if it had not been exercised and the terms upon which such Optioned Shares were to become Vested pursuant to subsection 7.1 shall be reinstated. If any Optioned Shares are returned to the Corporation under this subsection 7.7, the Corporation shall immediately refund the exercise price to the Optionee for such Optioned Shares.

- 7.9. If at any time when an Option granted under the Plan remains unexercised with respect to any unissued Optioned Shares, an Offer is made by an offeror, the Board may, upon notifying each Optionee of full particulars of the Offer, declare all Optioned Shares issuable upon the exercise of Options granted under the Plan, Vested, and declare that the expiry date for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Shares must be tendered pursuant to the Offer, provided that any accelerated vesting of Options granted to Persons performing investor relations activities shall be subject to the prior written approval of the TSX Venture Exchange. The Board shall give each Optionee as much notice as possible of the acceleration of the Options under this subsection 7.9, except that not less than 5 business days' and not more than 35 days' notice is required.
- 7.10. If and whenever, following a take-over bid or issuer bid, there shall be a compulsory acquisition of the Shares of the Corporation pursuant to Division 6 of the Business Corporations Act (British Columbia) or any successor or similar legislation, or any amalgamation, merger or arrangement in which securities acquired in a formal take-over bid may be voted under the conditions described in section 8.2 of Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions, then following the date upon which such compulsory acquisition, amalgamation, merger or arrangement is effective, an Optionee shall, subject to, if applicable, the approval of the TSX Venture Exchange and shareholder approval, be entitled to receive, and shall accept, for the same exercise price, in lieu of the number of Shares to which such Optionee was theretofore entitled to purchase upon the exercise of his or her Options, the aggregate amount of cash, shares, other securities or other property which such Optionee would have been entitled to receive as a result of such bid if he or she had tendered such number of Shares to the take-over bid.

**8. RELATED RIGHTS AND OTHER BENEFIT PLANS**

- 8.1. No Optionee shall have any of the rights of a shareholder of the Corporation with respect to any Optioned Shares until such Optioned Shares have been issued to him upon exercise of the Option and full payment therefor has been made by him to the Corporation.
- 8.2. Participation in the Plan shall not affect an Eligible Person's eligibility to participate in any other benefit or incentive plan of the Corporation or its Subsidiaries, provided however, that the grant of any Option pursuant to this Plan shall not obligate the Corporation to make any benefit available to an Eligible Person under any other plan of the Corporation unless otherwise specifically provided for in such plan.
- 8.3. Nothing contained in this Plan will prevent the Corporation or any Subsidiary from adopting other or additional compensation arrangements for the benefit of any Eligible Person, subject to any required shareholder or regulatory approval.

**9. NON-TRANSFERABILITY OF OPTIONS**

- 9.1. No Option shall be assignable or transferable by the Optionee and any purported assignment or transfer of an Option shall be void and shall render the Option void, provided that in the event of death of the Optionee, an Optionee's personal legal representative may exercise the Option in accordance with section 11.

**10. NO FRACTIONAL SHARES**

- 10.1. Under no circumstances shall the Corporation be obliged to issue any fractional Shares upon the exercise of an Option. To the extent that an Optionee would otherwise have been entitled to receive, on the exercise or partial exercise of an Option, a fraction of a Share in any year, the Option shall be cancelled with respect to such fraction.

**11. EFFECT OF DEATH OF AN OPTIONEE, RESIGNATION BY OR RETIREMENT OF AN EMPLOYEE OR OFFICER, RESIGNATION OR REMOVAL AS A DIRECTOR**

- 11.1. If the Optionee should die while he or she is Director, Officer, Employee, Consultant or Management Company Employee of the Corporation or a Subsidiary, the Option may then be exercised by his or her personal legal representative, to the same extent as if the Optionee was alive and a Director, Officer, Employee, Consultant or Management Company Employee of the Corporation or a Subsidiary, on or before the earlier of a period of twelve months after the Optionee's death or the expiry date of the Option but only for such shares as the Optionee was entitled to at the date of his or her death.
- 11.2. If the Optionee is an Employee or Officer of the Corporation, in the event of termination of employment by reason of the retirement or resignation of the Optionee at any time during the term of the Option, the rights to purchase Shares under the Option which may be exercisable at the date of termination of employment and which remain unexercised at, or which become exercisable subsequent to, that date shall remain exercisable by the Optionee for a period of 90 days beyond that date or such longer period as the Board of Directors may determine in accordance with the terms of the Option, provided that the rights under the Option shall not be exercisable beyond the earlier of 12 months from the date of termination and the expiration of the term of the Option.
- 11.3. If the Corporation is subject to the requirements of the TSX Venture Exchange and such exchange so requires, if the Optionee is a Consultant or Management Company Employee of the Corporation, in the event of termination of employment by reason of the retirement or resignation of the Optionee at any time during the term of the Option, the rights to purchase Shares under the Option which may be exercisable at the date of termination of employment and which remain unexercised at, or which become exercisable subsequent to, that date shall remain exercisable by the Optionee for a period of 90 days beyond that date or such longer period as the Board of Directors may determine in accordance with the terms of the Option, provided that the rights under the Option shall not be exercisable beyond the earlier of 12 months from the date of termination and the expiration of the term of the Option.
- 11.4. If the Corporation is subject to the requirements of the TSX Venture Exchange and such exchange so requires, if the Optionee is engaged in Investor Relations Activities (as defined in the TSX Venture Exchange Corporate Finance Manual) of the Corporation, in the event of termination of employment by reason of the retirement or resignation of the Optionee at any time during the term of the Option, the rights to purchase Shares under the Option which may be exercisable at the date of termination of employment and which remain unexercised at, or which become exercisable subsequent to, that date shall remain exercisable by the Optionee for a period of 30 days beyond that date or such longer period as the Board of Directors may determine in accordance with the terms of the Option, provided that the rights under the Option shall not be exercisable beyond the earlier of 12 months from the date of termination and the expiration of the term of the Option.
- 11.5. If the Optionee is a Director of the Corporation, in the event the Optionee's term of appointment or election as a Director (where he is not reappointed or re-elected) ends, or the date upon which the removal or resignation of the Optionee as a Director occurs, at any time during the term of the Option, the rights to purchase Shares under the Option which may be exercisable at that time and which remain unexercised at, or which become exercisable subsequent to, that date shall remain exercisable by the Optionee for a period of 90 days beyond that or such longer period as the Board of Directors may determine date in accordance with the terms of the Option, provided that the rights under the Option shall not be exercisable beyond the earlier of 12 months from the date a Director ceases to be an Eligible Person and the expiration of the term of the Option.

**12. TERMINATION OF EMPLOYMENT OF OPTIONEE**

- 12.1. In the event of the termination of employment of the Optionee for any reason other than as specified in section 11, the rights to subscribe for Shares under the Option which may be exercisable at the date of termination of employment and which remain unexercised at that date shall immediately terminate unless the Board of Directors determines to grant such optionee a period of time to exercise then unexercised (but vested) Options, provided that in no event shall such period extend beyond the earlier of 12 months from the date of termination and the expiration of the term of the Option.
- 12.2. Nothing contained in this Plan or the Option shall confer on the Optionee any right to, or guarantee of, continued employment by the Corporation or any Subsidiary or in any way limit the right of the Corporation or a Subsidiary to terminate the employment of the Optionee at any time.

**13. SHARES RELEASED FROM OPTIONS**

- 13.1. Any Shares released from an Option by the provisions of sections 11 or 12, and any options that have been cancelled or have expired without being exercised, may be made the subject of a further Option or Options to the Optionee or to other Eligible Persons.

**14. CHANGE IN CAPITALIZATION OR NUMBER OF OUTSTANDING SHARES**

- 14.1. If, and whenever, prior to the issuance by the Corporation of all the Optioned Shares under an Option, the Shares are from time to time consolidated into a lesser number of Shares or subdivided into a greater number of Shares, the number of Optioned Shares remaining unissued under the Option shall be decreased or increased proportionately, as the case may be, and the exercise price to be paid by the Optionee for each such Share shall be adjusted accordingly.
- 14.2. If the Corporation enters into, and is continued or survives as a result of, any amalgamation or merger with one or more other companies or corporations whether by way of arrangement, by the sale of its assets and undertaking or otherwise, then and in each such case, each Option shall, subject to, if applicable, the approval of the TSX Venture Exchange and shareholder approval, extend to and cover the number, class and kind of shares or other obligations to which the Optionee would have been entitled had the Option been fully exercised immediately prior to the date such amalgamation or merger becomes effective (whether or not such Option would otherwise then have been fully exercisable) and the then prevailing exercise price of the shares or other obligations so covered shall be correspondingly adjusted if and to the extent that the Board considers it to be equitable and appropriate.
- 14.3. Except as expressly provided in this section 14, the grant of any Option shall not in any way limit or affect the rights or powers of the Board, the Corporation or its shareholders to make any changes or deal in any manner with the authorized, issued or unissued shares or any other securities of the Corporation and no such change or dealing shall give any right or entitlement to the holder of any Option in respect or as a result thereof.

**15. AMENDMENT AND TERMINATION OF PLAN**

- 15.3. Subject to any necessary approvals under the rules of the principal stock exchange on which the Shares are listed and, if required by applicable law, shareholder approval, the Board may amend or modify in any manner, including cancellation, an outstanding Option to the extent that the Board would have had the authority to initially grant such award as so modified or amended, including without limitation, to change the date or dates as of which an Option vests, except that no amendment will, without the written consent of all affected Optionees, alter or impair any Option previously granted under the Plan unless as a result of a change in applicable law or the Corporation's status or classification thereon.

**16. GENERAL REQUIREMENTS**

- 16.1. Each grant of an Option under the Plan shall be subject to the requirement that if at any time the Board shall determine that any agreement, undertaking or other action or co-operation on the part of an Optionee, including in respect to a disposition of the Shares, is necessary or desirable as a condition of, or in connection with (a) the listing, registration or qualification of the Shares subject to the Plan upon any stock exchange or under the laws of any applicable jurisdiction, or (b) obtaining a consent or approval of any governmental or other regulatory body, the exercise of such Option and the issue of Shares thereunder may be deferred in whole or in part by the Board until such time as the agreement, undertaking or other action or co-operation shall have been obtained in a form and on terms acceptable to the Board.
- 16.2. The exercise of the Option by the Optionee under the Plan is subject to the approvals of:

- 16.4. If the Corporation is subject to the requirements of the TSX Venture Exchange, no Options shall be granted or exercised, and no Shares shall be issued pursuant to the exercise of any Option, unless the grant and exercise of such Options and the issuance and delivery of such Shares complies with all applicable requirements of the TSX Venture Exchange and applicable law, and such Options and Shares will be subject to all applicable trading restrictions in effect pursuant to such requirements, and the Corporation shall be entitled to legend any certificates representing the Options or Shares accordingly.
